

1 Gang 5m Outdoor Extension Cable

Item ref: 429.867UK

User Manual

Introduction

Thank you for purchasing this 5m 1 Gang extension cable. It is designed to provide a safe and convenient temporary outdoor power solution. Supplied with a H frame for neat and tidy storage, this weatherproof cable is ideal for home and garden electrical equipment.

The enclosed weatherproof socket is IP54 rated. To operate, press on the black latch marked 'open' and it should unlock. Open the enclosure and plug in your equipment. The enclosure should then be pushed down and locked by pressing on the 'close' tab. The enclosure will click to indicate that it is successfully locked. The rubber seals should prevent water and dust ingress while in use.

Please note that while weatherproof, this product is not intended as a permanent outdoor power solution and should be safely stored indoors when not in use.

Specifications:

- Voltage: 240V/50Hz
- Max Load: 13A
- Cable Length: 5m
- Weight: 900g
- IP54 Rated
- Manufactured to BS1363/2

Warning:

- For reasons of electrical safety, this product must never be immersed in water, exposed to damp conditions or excessive force.
- Do not use this product if you find that it is damaged in any way.
- Never exceed the maximum load current.
- Do not attempt to repair this product or take it apart under any circumstances, as this will invalidate your warranty.

This product is classed as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life. The goods must be disposed of according to your local council guidelines.
